## Cleaning cloths on a roll

**Properties:**

**Tissue material:** Above-average tear resistant material (industrial quality) at a low price. Unlike many other suppliers, we deliver at least the specified number of sheets and grammage!

**AIRFLEX® material:** Higher suction capacity, greater tear strength when wet and greater volume compared to tissue paper, approved for contact with food. Brand manufacturer Kimberly-Clark.

## Precision wipes with dispenser box

**Version:** Polyester-reinforced cellulose. Absorbs liquids quickly and cleanly (such as paper) and is also extremely tear resistant in moist conditions (such as plastic). The cloths are solvent resistant and low lint. Ideal for use in high-precision mechanics, graphic industry, paint shops, gear manufacturing, glass-, mirror- and stainless steel cleaning.
