Filament packaging tape dispenser   **tesa**

Roll dimensions: Max. 25 mm x 50 m
Supply volume: 1 piece dispenser (without illustrated adhesive tape)

Type	Application
ABROLLER T6032	tesa® industrial tape dispenser for tear-proof strapping and filament tapes, special blade for filament tape handling, robust metal construction, ideal for bundling rod- or ring-shaped goods, for securing pallets, as well as closing and reinforcing shipping boxes. Easy handling: When using filament tape for securing pallets, press down on the brake tab with the thumb. This allows the tape to be unwound with the necessary tension.
